Subject Index

3D sonography
time impact of 3D tomographic ultrasound imaging in neonatal neurosonography, 339

Abdominal sonography
adult intussusception, 97
incidental finding of a large cystic mass in the left upper quadrant, 361
intra-abdominal desmoid tumor, 212
intussuscepting colon cancer in a 20-year-old: sonographic findings, 19
sonographic appearance of an antral mass in an infant, 101
Abscess
pyogenic abscess in a patient with alcoholic cirrhosis, 30
Acardiac twinning
an acardiac twinning presented as a placental mass, 168
Adenocarcinoma
goblet cell carcinoid of the appendix, 357
Adrenal cysts
incidental finding of a large cystic mass in the left upper quadrant, 361
Alberta, Canada
frequency of uterine malformations among women in a restricted gene pool community: a retrospective cross-sectional study in LaCrete, Canada, 243
Amniotic band syndrome
constriction rings and congenital amputations of the fingers and toes in a case of amniotic band syndrome, 280
Amniotic fluid volume
accuracy of sonographic amniotic fluid volume assessments in diamniotic dichorionic twin pregnancies: a literature review, 330
Aneurysm
the value of sonography in the diagnosis of a dissecting aneurysm of the celiac artery, 351
Appendicitis
goblet cell carcinoid of the appendix, 357
Arterial duplex examinations
unexpected Doppler waveform patterns in the lower extremity arteries, 293
Arterial hemodynamics
arterial vascular hemodynamics, 129
Arterial occlusions
a case report on a carotid body tumor coexisting with an occlusion of the internal carotid artery, 91
Arteriovenous fistula
pseudoaneurysm and arteriovenous fistula simultaneously after cardiac catheterization, 208

Bladder extrophy
OEIS complex: a case report, 13
Bladder outlet obstruction
prenatal diagnosis of posterior urethral valves, 23
Breast cancer
sonographic and vascular assessment of axillary lymph nodes: a review, 63
sonographic assessment of axillary lymph nodes after a mammographically recommended breast sonogram for women 55 years and older: a feasibility study, 263

Cantrell's pentalogy
prenatal diagnosis of pentalogy of Cantrell: a case report, 160
Cardiac anomalies
does spatiotemporal image correlation enhance the diagnostic usefulness of 3D and 4D fetal cardiac imaging?: a literature review, 75
fetal echocardiography and the routine obstetric sonogram, 143
prenatal diagnosis of pentalogy of Cantrell: a case report, 160
Cardiac catheterization
pseudoaneurysm and arteriovenous fistula simultaneously after cardiac catheterization, 208
Cardiac tamponade
echocardiographic assessment of pericardial effusion: a brief review, 189
Carotid body tumors
a case report on a carotid body tumor coexisting with an occlusion of the internal carotid artery, 91
Cavum septum pellucidum
absence of cavum septum pellucidum related with optic nerve hypoplasia, 336
Celiac artery
the value of sonography in the diagnosis of a dissecting aneurysm of the celiac artery, 351
Change, acceptance of
work-related musculoskeletal injury and the courage to change, 241
Children
pediatric sonography: funography for kids, 110
Cholelithiasis
cholelithiasis in a duplicated gallbladder, 347
Cirrhosis
pyogenic abscess in a patient with alcoholic cirrhosis, 30

Cloaca
OEIS complex: a case report, 13
Coffin, Carolyn T.
the 2005 Kenneth R. Gottesfeld Award winners, 1
Colon cancer
intussuscepting colon cancer in a 20-year-old: sonographic findings, 19
Computed tomography
adult intussusception, 97
intussuscepting colon cancer in a 20-year-old: sonographic findings, 19
Congenital amputations
constriction rings and congenital amputations of the fingers and toes in a case of amniotic band syndrome, 280
Congenital heart disease
does spatiotemporal image correlation enhance the diagnostic usefulness of 3D and 4D fetal cardiac imaging?: a literature review, 75
fetal echocardiography and the routine obstetric sonogram, 143
Congenitally corrected transposition of the great arteries
prenatal diagnosis of congenitally corrected transposition of the great arteries, 153
Cystic masses
incidental finding of a large cystic mass in the left upper quadrant, 361

Deep venous thrombosis
sonographic evaluation of venous insufficiency and sonography-guided radiofrequency ablation of the great saphenous vein, 272
Desmoid tumor
intra-abdominal desmoid tumor, 212
Doppler
arterial vascular hemodynamics, 129
sonographic and vascular assessment of axillary lymph nodes: a review, 63
sonographic assessment of axillary lymph nodes after a mammographically recommended breast sonogram for women 55 years and older: a feasibility study, 263
sonographic diagnosis of renal transplant torsion, 150
unexpected Doppler waveform patterns in the lower extremity arteries, 293
Doppler, color
an acardiac twinning presented as a placental mass, 168
antepartum sonographic identification of velamentous insertion of the umbilical cord via color Doppler: a sonographer's view, 157
sonographic evaluation of a testicular fracture, 298
testicular torsion in an elderly man, 26
Double discordance
prenatal diagnosis of congenitally corrected transposition of the great arteries, 153
Down syndrome screening
antepartum sonographic identification of velamentous insertion of the umbilical cord via color Doppler: a sonographer's view, 157

Echocardiography
echocardiographic assessment of pericardial effusion: a brief review, 189
fetal echocardiography and the routine obstetric sonogram, 143
Education
Society of Diagnostic Medical Sonographers: focus on the future: a history of the SDMS part II: 1970-1980: development of the society and early educational efforts for sonographers, 218
Elbow
systematic review of sonographic measurements of the ulnar nerve at the elbow, 255
Endometrial adenocarcinoma
endometrial adenocarcinoma, 106
Eye injuries
sonographic evaluation of an ocular pellet gun injury, 200

Fallopian tube obstructions
hydrosalpinx in a woman with a partial hysterectomy, 204
Fetal anomalies
antepartum sonographic identification of velamentous insertion of the umbilical cord via color Doppler: a sonographer's view, 157
sirenomelia in the first trimester, 365
Fetal cardiac anomalies
does spatiotemporal image correlation enhance the diagnostic usefulness of 3D and 4D fetal cardiac imaging?: a literature review, 75
fetal echocardiography and the routine obstetric sonogram, 143
Fetal cephalic index
sonographic assessment of fetal cephalic index in a Nigerian population: a novel paradigm, 87
Fibromatosis
intra-abdominal desmoid tumor, 212
Foreign bodies
perineal sonography to localize air gun pellet, 215
sonographic evaluation of an ocular pellet gun injury, 200

Gallbladder
cholelithiasis in a duplicated gallbladder, 347
Gallbladder contraction rate
sonographic assessment of gallbladder motility in the Ibo population in Nigeria: a feasibility study, 4
Gallbladder motility
sonographic assessment of gallbladder motility in the Ibo population in Nigeria: a feasibility study, 4
Gardner syndrome
intra-abdominal desmoid tumor, 212
Gastric outlet obstruction
sonographic appearance of an antral mass in an infant, 101
Gene pools
frequency of uterine malformations among women in a restricted gene pool community: a retrospective cross-sectional study in LaCrete, Canada, 243
Genetic information
Health Insurance Portability and Accountability Act: confidentiality of genetic information and an electronic medical record: an Oregon perspective, 172
Genital abnormalities
polyorchidism, 164
Glioblastoma
high-intensity focused ultrasound (HIFU) for specific therapeutic treatments: a literature review, 319
Goblet cell carcinoid
goblet cell carcinoid of the appendix, 357
Gun pellets
perineal sonography to localize air gun pellet, 215
sonographic evaluation of an ocular pellet gun injury, 200

Heartbeat
sonographic detection of unruptured dichorionic unilateral live twin ectopic pregnancy, 372
Hemodialysis access
unexpected Doppler waveform patterns in the lower extremity arteries, 293
Hemodynamics
arterial vascular hemodynamics, 129
Hepatocellular carcinoma
pyogenic abscess in a patient with alcoholic cirrhosis, 30
Hepatopetal
lost in pronunciation: *hepatopedal* vs. *hepatopetal*, 375
High-intensity focused ultrasound
high-intensity focused ultrasound (HIFU) for specific therapeutic treatments: a literature review, 319
History
Society of Diagnostic Medical Sonographers: focus on the future: a history of the SDMS part II: 1970-1980: development of the society and early educational efforts for sonographers, 218
Hydrocele
testicular torsion in an elderly man, 26
Hydrosalpinx
hydrosalpinx in a woman with a partial hysterectomy, 204
Hysterectomy
hydrosalpinx in a woman with a partial hysterectomy, 204

Imperforate anus
OEIS complex: a case report, 13
Infants
absence of cavum septum pellucidum related with optic nerve hypoplasia, 336
sonographic appearance of an antral mass in an infant, 101
time impact of 3D tomographic ultrasound imaging in neonatal neurosonography, 339
Insurance
Health Insurance Portability and Accountability Act: confidentiality of genetic information and an electronic medical record: an Oregon perspective, 172
Intussusception
adult intussusception, 97
intussuscepting colon cancer in a 20-year-old: sonographic findings, 19

Kenneth R. Gottesfeld Award
the 2005 Kenneth R. Gottesfeld Award winners, 1

Largest vertical pocket
accuracy of sonographic amniotic fluid volume assessments in diamniotic dichorionic twin pregnancies: a literature review, 330
Leiomyomata
high-intensity focused ultrasound (HIFU) for specific therapeutic treatments: a literature review, 319
Leiomyosarcoma
uterine leiomyosarcoma mimicking benign submucosal leiomyoma, 368
Lymph nodes
sonographic and vascular assessment of axillary lymph nodes: a review, 63
sonographic assessment of axillary lymph nodes after a mammographically recommended breast sonogram for women 55 years and older: a feasibility study, 263

Mammograms
sonographic assessment of axillary lymph nodes after a mammographically recommended breast sonogram for women 55 years and older: a feasibility study, 263
Medical records
Health Insurance Portability and Accountability Act: confidentiality of genetic information and an electronic medical record: an Oregon perspective, 172
Meningomyelocele
OEIS complex: a case report, 13
"Mermaid syndrome"
sirenomelia in the first trimester, 365
Metastases
sonographic and vascular assessment of axillary lymph nodes: a review, 63
Miscarriages
frequency of uterine malformations among women in a restricted gene pool community: a retrospective cross-sectional study in LaCrete, Canada, 243
Mullerian duct abnormalities
uterus didelphys and dicavitary twin pregnancy, 286
Murphey, Susan L.
the 2005 Kenneth R. Gottesfeld Award winners, 1
Musculoskeletal injuries
work-related musculoskeletal injury and the courage to change, 241
Myometrium
uterine leiomyosarcoma mimicking benign submucosal leiomyoma, 368

Neurological anomalies
absence of cavum septum pellucidum related with optic nerve hypoplasia, 336
Neurosonography
systematic review of sonographic measurements of the ulnar nerve at the elbow, 255
time impact of 3D tomographic ultrasound imaging in neonatal neurosonography, 339
Nigerians
sonographic assessment of fetal cephalic index in a Nigerian population: a novel paradigm, 87
sonographic assessment of gallbladder motility in the Ibo population in Nigeria: a feasibility study, 4

Oligohydramnios
prenatal diagnosis of posterior urethral valves, 23
Ophthalmic sonography
sonographic evaluation of an ocular pellet gun injury, 200
Optic nerve hypoplasia
absence of cavum septum pellucidum related with optic nerve hypoplasia, 336

Pancreas, ectopic
sonographic appearance of an antral mass in an infant, 101
Pancreatic pseudocyst
incidental finding of a large cystic mass in the left upper quadrant, 361
Paraganglioma
a case report on a carotid body tumor coexisting with an occlusion of the internal carotid artery, 91
Pediatric sonography
pediatric sonography: funography for kids, 110
Pelvic sonography
endometrial adenocarcinoma, 106
Pericardial effusion
echocardiographic assessment of pericardial effusion: a brief review, 189
Perineal sonography
perineal sonography to localize air gun pellet, 215
Peters, Priscilla J.
the 2005 Kenneth R. Gottesfeld Award winners, 1
Polyorchidism
polyorchidism, 164
Pregnancy
fetal echocardiography and the routine obstetric sonogram, 143
sirenomelia in the first trimester, 365
sonographic assessment of fetal cephalic index in a Nigerian population: a novel paradigm, 87
Pregnancy, ectopic
sonographic detection of unruptured dichorionic unilateral live twin ectopic pregnancy, 372
sonographic evaluation of an embryonic cervical pregnancy, 343
surprise in the adnexa: a heterotopic multifetal gestation, 34
Pregnancy, twin
accuracy of sonographic amniotic fluid volume assessments in diamniotic dichorionic twin pregnancies: a literature review, 330
an acardiac twinning presented as a placental mass, 168
sonographic detection of unruptured dichorionic unilateral live twin ectopic pregnancy, 372
sonographic evaluation of an embryonic cervical pregnancy, 343
surprise in the adnexa: a heterotopic multifetal gestation, 34
uterus didelphys and dicavitary twin pregnancy, 286

Prenatal diagnosis
an acardiac twinning presented as a placental mass, 168
constriction rings and congenital amputations of the fingers and toes in a case of amniotic band syndrome, 280
does spatiotemporal image correlation enhance the diagnostic usefulness of 3D and 4D fetal cardiac imaging?: a literature review, 75
prenatal diagnosis of congenitally corrected transposition of the great arteries, 153
prenatal diagnosis of pentalogy of Cantrell: a case report, 160
prenatal diagnosis of posterior urethral valves, 23
Privacy
Health Insurance Portability and Accountability Act: confidentiality of genetic information and an electronic medical record: an Oregon perspective, 172
Pronunciation
lost in pronunciation: *hepatopedal* vs. *hepatopetal*, 375
Prostate tumor
high-intensity focused ultrasound (HIFU) for specific therapeutic treatments: a literature review, 319
Pseudoaneurysm
pseudoaneurysm and arteriovenous fistula simultaneously after cardiac catheterization, 208

Radiofrequency ablation
sonographic evaluation of venous insufficiency and sonography-guided radiofrequency ablation of the great saphenous vein, 272
Renal transplants
sonographic diagnosis of renal transplant torsion, 150
Resistive index
sonographic diagnosis of renal transplant torsion, 150
Rheumatoid arthritis vasculitis
the value of sonography in the diagnosis of a dissecting aneurysm of the celiac artery, 351

Scrotal trauma
sonographic evaluation of a testicular fracture, 298
SDMS-JDMS CME tests
fetal cardiac imaging, 85
gallbladder motility, 11
hemodynamics, 141
high-intensity focused ultrasound, 328
lymph nodes, 73
pericardial effusion, 198
uterine malformations, 253
Sirenomelia
sirenomelia in the first trimester, 365
Society of Diagnostic Medical Sonographers
Society of Diagnostic Medical Sonographers: focus on the future: a history of the SDMS part II: 1970-1980: development of the society and early educational efforts for sonographers, 218
Sonographers
the interface between sonographer and the sonographic machine: a post-postmodern perspective, 38
Society of Diagnostic Medical Sonographers: focus on the future: a history of the SDMS part II: 1970-1980: development of the society and early educational efforts for sonographers, 218
work-related musculoskeletal injury and the courage to change, 241
Sonographic equipment
the interface between sonographer and the sonographic machine: a post-postmodern perspective, 38
Sonography
the interface between sonographer and the sonographic machine: a post-postmodern perspective, 38
Stenosis
arterial vascular hemodynamics, 129
Stephenson, Susan Raatz
the 2005 Kenneth R. Gottesfeld Award winners, 1
Symelia dipus
sirenomelia in the first trimester, 365

Technology
the interface between sonographer and the sonographic machine: a post-postmodern perspective, 38
Testicular fracture
sonographic evaluation of a testicular fracture, 298
Testicular pain
testicular torsion in an elderly man, 26
Testis, supernumerary
polyorchidism, 164
Tomographic ultrasound imaging
time impact of 3D tomographic ultrasound imaging in neonatal neurosonography, 339
Torsion
sonographic diagnosis of renal transplant torsion, 150
testicular torsion in an elderly man, 26
Transplants
sonographic diagnosis of renal transplant torsion, 150
Twins. *see* Pregnancy, twin
Twin–twin transfusion syndrome
an acardiac twinning presented as a placental mass, 168

Two-diameter pocket
accuracy of sonographic amniotic fluid volume assessments in diamniotic dichorionic twin pregnancies: a literature review, 330

Ulnar nerve
systematic review of sonographic measurements of the ulnar nerve at the elbow, 255
Umbilical cord
antepartum sonographic identification of velamentous insertion of the umbilical cord via color Doppler: a sonographer's view, 157
Urachal abnormalities
urachal abnormalities: an incidental finding and what it can mean for your patient, 290
Urethral valves, posterior
prenatal diagnosis of posterior urethral valves, 23
Uterine artery embolization
sonographic evaluation of an embryonic cervical pregnancy, 343
Uterine leiomyosarcoma
uterine leiomyosarcoma mimicking benign submucosal leiomyoma, 368
Uterine malformations
frequency of uterine malformations among women in a restricted gene pool community: a retrospective cross-sectional study in LaCrete, Canada, 243
uterus didelphys and dicavitary twin pregnancy, 286
Uterine neoplasms
endometrial adenocarcinoma, 106

Vascular system
arterial vascular hemodynamics, 129
prenatal diagnosis of congenitally corrected transposition of the great arteries, 153
sonographic evaluation of an embryonic cervical pregnancy, 343
unexpected Doppler waveform patterns in the lower extremity arteries, 293
the value of sonography in the diagnosis of a dissecting aneurysm of the celiac artery, 351
Venous insufficiency
sonographic evaluation of venous insufficiency and sonography-guided radiofrequency ablation of the great saphenous vein, 272
Vesicourachal diverticula
urachal abnormalities: an incidental finding and what it can mean for your patient, 290

Work-related injuries
work-related musculoskeletal injury and the courage to change, 241
